 mahirmalde2004@gmail.com

 Bangalore, India

Hello! I am Mahir, a **multi-disciplinary** designer with a major in **User Experience and Service Design**. I approach service and system design challenges with both **macro and micro perspectives**, aiming to create **impactful** solutions. My work focuses on UX design, creating intuitive interfaces, and designing seamless service experiences and products that truly connect with people.

## Work experience

March 2024 - Sep 2024

UX Design Intern

**OEPP Innovations** Software Development, Indore

Worked as a UX Designer to create interfaces that integrate hardware products to their software counterparts. Developed 4 mobile app prototypes and 2 websites along with reusable component libraries.

[Internship Certificate](#)

May 2024 - September 2024

Web Designer

**Ragsof** Software Development, Bangalore

Worked as a Web Designer to create responsive and visually engaging websites aligned with brand goals. Designed and delivered 4 websites with optimized user experiences and scalable design systems.
